Flour Bluff High School Receives ACT Award

Congratulations to Flour Bluff High School! They received the Texas ACT Council “**2011 College Readiness Award**”. The award is in recognition of FBHS having a significant increase in its ACT Composite score over the past five years while, at the same time, increasing or maintaining the number of students taking the ACT Assessment. This resulted in greater numbers of FBHS students being college ready as a result of the efforts of the FBHS staff and students. Only about 10% of the high schools in Texas were able to accomplish this.

Over 205,000 Texas students took the ACT in 2011 which was an all-time high and Texas scores have increased substantially during the last five years which indicates that students are using their score results to make improvements to their college readiness levels as well as showing that Texas students score well on the ACT - a curriculum-based achievement test that is aligned to the Texas curriculum. These results also show that FBHS faculty and staff are providing the kind of education that makes a positive difference for all students in preparing them for college and the workforce.
